

BEST UK SNOWSPORTS RETAILER

PRESENTED BY
THE TELEGRAPH SKI AND SNOWBOARD

Ski Bartlett

Ski Bartlett is a family run business established over 50 years ago in West London. Run by skiers for skiers we pride ourselves on the service we offer to our customers and the vast array of stock we carry.

Winners of this prestigious Best UK Specialist Retailer Award in 2012, we have not rested on our laurels but have continued to move forward making your visit to us as integral a part of your ski trip preparation as buying your currency or a lift pass. Since 2015 we have launched a brand new website making it far easier to navigate our unsurpassed selection of ski equipment covering all aspects of skiing from racing to touring and everything in between. Our boot and ski area has been moved and refitted giving our customers a more comfortable and relaxed area. We have redefined the men's, women's and junior clothing areas. Our well-loved 'Race Room' has been enlarged and now contains even more equipment. The shop front itself has been transformed to look like an Alpine chalet and the reception area made more welcoming and more open with a hand-made rustic reception counter.

Throughout all of this Ski Bartlett has not lost its unique style and quirkiness. We have a collection of vintage winter sports equipment that takes you back in time to an era where quality products and quality service were a must. We still believe in this now. Our knowledgeable, friendly and experienced team, plus a couple of treasures we picked up over the summer, have all bought into the ethos of working in a family business with family values. We are all passionate about skiing and life in the mountains and are here to offer you help and honest advice. Whether it is purchasing equipment, where to go skiing, tips on how to maintain your skis, or simply sharing skiing experiences or a mug of tea or coffee - we want all our customers to progress and enjoy their skiing. Our customers are for life and not for just one holiday. We enjoy seeing customers' children grow up and then returning to us with their own little skiing families.

Focusing on nothing but skiing and ski equipment for the whole year, without the summer distractions, enables us to offer unparalleled stock and service - especially to those enjoying glacier and southern hemisphere skiing. We understand that no skier is the same as the next - that is why we stock the widest range of ski boots in the country and our 'one-to-one' fitting service ensures the best fit possible. The huge ski selection we have is jaw-dropping as are all our skiing accessories. We have been told we stock the most extensive range of DIY ski tuning and servicing equipment in the world. Whilst our fully equipped workshop and experienced technician will repair and service your skis as though they were his own. No job is too big (or too small) and there is not a binding that he has not been able to mount or repairs that haven't been undertaken!

Blue Skies. Open groomed piste or deep fluffy powder. Great skiing companions. Superb skis and equipment. Thrilling or chilled Apres-Ski. Whatever your idea of the perfect skiing day Ski Bartlett is here to help you achieve it.
