

Drop In Chalets

www.dropinchalets.com

After another epic year here in Chamonix we've pushed even harder to improve every aspect of our services and chalets. Hard work aside we're also constantly working on new and innovative ideas to keep the atmosphere in chalets fresh and always give our many returning clients something new.

If the big question is why do we want to win this coveted award? For one we feel we deserve it and our guests agree. From a rather fastidious British Bake off judge (guess who) to top Aussie rugby stars and famous musicians every aspect our service from our wines to our chocolate cake has been analysed and discussed and we are confident we can surpass the expectations of the most discerning client. The one thing that would top this year off perfectly is that shiny award sitting in one of the chalets this winter so please, please vote for us!
