

Warren Smith Ski Academy

www.warrensmith-skiacademy.com

The past 12 months at the WSSA has seen some major developments.

For the 4th year, Warren and the team returned as the lead coaches for Channel 4's the Jump. We were incredibly proud to see the huge development of the cast being beamed across the UK.

The Academy is built on an industry leading methodology of combining Ski Technique, Applied biomechanics, and equipment precision. Our loyal clients return year in year out to receive the highest quality coaching. Coming on an Academy course makes you part of the extended Academy family and that is ultimately our strongest factor.
